INTERNATIONAL ASSOCIATION OF CORONERS AND MEDICAL EXAMINERS

present the

2015 Annual Training Symposium
hosted by The Clark County Office of the Coroner/Medical Examiner (CCOCME) and the University of Nevada Las Vegas (UNLV) School of Dental Medicine

Featuring
Advanced Medicolegal General Conference
“Sheila Dashkow” Forensic Odontology Course
Basic Medicolegal Death Investigation Course

Attendee Registration

July 25 - 30, 2015
Golden Nugget Hotel and Casino
THE ASSOCIATION

The International Association of Coroners & Medical Examiners (IAC&ME) has over 70 years of experience in the presentation of educational seminars for the purpose of assisting Coroners and Medical Examiners and other forensic specialists in the performance of their duties. This commitment is enshrined in the Association’s mission statement, “The International Association of Coroners & Medical Examiners is committed to advancing the accurate determination of the cause and the manner of death through the utilization of science, medicine and the law.” This training conference will bring together leaders in medicolegal death investigations to one location for training and education. This Annual Training Conference will be a valuable opportunity to network with Coroners, Medical Examiners, Deputy Medical Examiners and their staff. This is an excellent opportunity to interface with other professionals like yourself.

IAC&ME OFFICERS

Past President
Dan Blasdel
Coroner, Franklin County
Coroner’s Office
Pasco, WA

Past President
Dr. P. Michael Murphy
Coroner, Clark County Office of the Coroner/Medical Examiner
Las Vegas, NV

Immediate Past President
Scott Grim
Coroner, Lehigh County
Coroner’s Office
Allentown, PA

President
John Fudenberg
Assistant Coroner, Clark County Office of the Coroner/Medical Examiner, Las Vegas, NV

President Elect
Frank DePaolo, PA-C
Assistant Commissioner, Office of Chief Medical Examiner, City of New York, NY

1st Vice President
Timothy Davidson
Coroner, Cowlitz County
Coroner’s Office
Longview, WA

2nd Vice President
Gary Watts
Coroner, Richland County
Coroner’s Office
Columbia, SC

Treasurer
Connie Jacobson
Coroner, Natrona County
Coroner’s Office
Evansville, WY

REGISTRATION FEES

Contact us for Group Discounts. Any cancellations after June 1, 2015 will receive 50% refund.

Advanced Medicolegal Death Investigation (MDI) General Conference
$425 Members $525 Non-members *

Basic MDI Death Course
$295 Members $395 Non-members *

Second Annual “Sheila Dashkow” Forensic Odontology Course
Full Course - $895 Members
$995 Non-members *
Part One Only - $395 Members
$495 Non-Members *
Part Two Only - $500 Members
$595 Non-members *

Those that attended Part One of the Odontology Course in 2014, please contact Nicole Coleman (702) 455-1937 for pricing and payment options. * All non-member attendees will receive a free one year membership.

HOTEL INFORMATION

Golden Nugget Hotel & Casino
129 E. Fremont Street
Las Vegas, NV 89101
Reservations 800.634.3454

Be sure to ask for the IAC&ME rate using code “GSSIAO3” when making your reservations. Special rate valid until June 26, 2015. Special rate offered will be $49.00 - $149.00 plus taxes and fees per night depending on tower, days reserved, and availability.
THE ADVANCED MDI AND BASIC MDI BREAKOUT COURSE WILL BE APPROVED FOR NEVADA POST, ABMDI, AND CATEGORY 1 - PHYSICIAN CME CREDITS.

ACCREDITATION STATEMENT UMC

University Medical Center of Southern Nevada is accredited by the Nevada State Medical Association to sponsor Continuing Medical Education for physicians. This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of University Medical Center of Southern Nevada and the International Association of Coroners & Medical Examiners. University Medical Center of Southern Nevada is accredited by the Nevada State Medical Association to provide continuing medical education for physicians.

University Medical Center of Southern Nevada designates this live educational activity for a maximum of fifty-six (56) AMA PRA Category 1 Credit(s) ™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

DISCLOSURE UMC

As an accredited provider, it is the policy of UMC to require the disclosure of any significant financial interest or any other relationship the sponsor or faculty member(s) have with the manufacturer(s) of any commercial product(s) discussed in an educational presentation. Full disclosure will be made available at the conference site. The UMC Education Committee members: Dr. Almeyda-Perez, Dr. David Nelson, Dr. Meena Vohra have nothing to disclose. Dr. Chowdhury Ahsan has disclosed he has received grant/research support from Gilead and is on the speakers bureau of Eli Lilly and Boehringer Ingelheim which could be perceived as a real or apparent conflict of interest in the context of the subject of this presentation.

**Course Description:** Forensic dentistry is the branch of forensic medicine that applies the science of the teeth and their surrounding tissues to criminal and civil law. Forensic odontologists assist police agencies as well as other criminal and government agencies in identifying human remains, estimating dental age, analyzing suspected patterned injury caused by the human dentition and assisting with civil dental litigation.

This new two part course will introduce the dental professional to the fundamentals of forensic odontology through an extensive didactic as well as hands-on laboratory program. The course will cover fundamentals of both disaster victim identification (DVI) as well as daily morgue operation. It will provide training in how to evaluate the unique features of dental radiographs to compare antemortem and postmortem dental records to assist in the identification process.

Lectures will be taught by the IAC&ME members and experienced Forensic Odontologists in subjects such as the autopsy process, medicolegal death investigation and the subspecialty of forensics such as pathology, anthropology, fingerprints, DNA, and toxicology. Topics such as mass fatality management, an overview of the legal process and what role the forensic odontologist plays in these operations will also be discussed. Finally, extensive hands-on workshops in computer-assisted dental identification, computer-assisted bitemark analysis, dental age estimation and a morgue visit is offered.

**Who Should Attend:** This course will provide a strong background in forensic odontology for dentists, dental hygienist, other dental professionals as well as forensic pathologists, medicolegal death investigators, forensic anthropologists, attorneys, and other forensic professionals looking to enhance their knowledge of forensic odontology.

**Attendees of this Course Will:**

- Acquire an in-depth understanding of the methods and techniques used by forensic odontologists.
- Understand the role that forensic odontology plays in mass fatality victim identification.
- Understand the role that forensic odontology plays in medicolegal death investigations.
- Understand the role that forensic odontology plays in the identification and analysis of bitemarks.
- Understand the role that forensic odontology plays in dental-age estimation.
- Use hands-on workshops with teaching specimens and computer software to demonstrate the concepts learned in the lectures.

---

This course is considered a formal breakout session of the IAC&ME Annual Training Conference. Those who register for this course will be invited to the opening ceremony and all social events. Please review the IAC&ME website for agendas and more information. www.theiacme.com

PART 1 - Forensic Odontology
Overview of Forensic Odontology DVI/Morgue Operations
Forensic Disciplines, and the Fundamentals of Dental Identification

DAY ONE - SATURDAY JULY 25, 2015
• Registration
• Introductory Remarks Forensic Odontology
• Medico-legal Investigations
• Autopsy Process
• Anthropology
• Fingerprints/ DNA Toxicology Pathology
• Forensic Odontology

DAY TWO - SUNDAY JULY 26, 2015
• Forensic Science and the Identification of American War Dead
• Abuse, Ethics & Professional Responsibility
• Dental Forensic Radiology and Imaging
• Forensic Odontology Daily Operations and DVI
• Dental Age Estimation
• Forensic Odontology Deployment

PART 2 - The Legal System, Criminal Investigation
and Forensic Odontology Workshops

DAY THREE - MONDAY JULY 27, 2015
• Mass Fatality Management
• Dental Identification Software - WinID
• Dental Identification Software - UDIM
• Win ID Workshop
• UDIM Work Shop

DAY FOUR - TUESDAY JULY 28, 2015
• The Legal System and Rules of Evidence
• Fundamentals Of Bitemarks
• Standards In Forensics
• Bitemark Workshop
• Photography Demonstration

DAY FIVE - WEDNESDAY JULY 29, 2015
• Dental Age Estimation Workshop
• Board Certification Process
• Opportunities in Forensic Odontology
• Morgue Visit

ACCREDITATION STATEMENT
The International Association of Coroners & Medical Examiners Second Annual “Sheila Dashkow” FORENSIC ODONTOLOGY COURSE is being given jointly with the University of Nevada, Las Vegas School of Dental Medicine which is accredited by CERP to provide continuing dental education for dentists, and takes responsibility for the content, quality, and scientific integrity of this CEU activity. CERP designates this educational activity for a maximum of 40 American Dental Association credits. Participants should only claim credit commensurate with the extent of their participation in the activity.

This course satisfies the educational requirements of the American Academy of Forensic Science’s (AAFS) application for Associate Membership into the Odontology Section. Upon completion of both Part 1 and Part II of this course you will receive a course certificate for a total of (40) hours of CE credit. This course also provides a minimum of four (4) hours of Bitemarks, four (4) hours of Dental Identification, and four (4) hours of either Disaster Victim Identification (DVI) or Age Estimation.

**Course Description**: This basic course is designed for medicolegal death investigators, and is intended to familiarize them with the operation of a medicolegal death investigation system, and the role of a medicolegal death investigator.

Topics presented will provide a medicolegal investigator a solid foundation. The training provided will give the attendee the basic information and expertise required to conduct death scene investigations as a medicolegal death investigator.

Topics will cover the basic and provides advanced training for those already working in the field.

**Who Should Attend**: medicolegal death investigators, coroners, medical examiners, all levels of health care professionals, law enforcement personnel, forensic technicians, forensic nurses, investigators, detectives, prospectors and emergency medical personnel.

**Curriculum**:
- Overview of Medicolegal Systems
- Ethics
- Cause of Manner of Death
- Death Scene Investigation Protocols
- Identification Processes
- Next of Kin Notification
- Decomposition and Postmortem Artifacts
- Sharp Force Injuries
- Gunshot Wounds
- Blunt Force Trauma
- Drowning & Fire Deaths
- Investigating Autoerotic Deaths
- Child Death Investigations
- Report Writing
- Developing Policies & Procedures
- Resource Management
- Budget Management
- Media Relations
- Mass Fatality Preparedness
